Leslie Belton Chevallier

Sociologist

Leslie Belton Chevallier is a researcher at the IFSTTAR (Institut Français des Sciences et Technologies des Transports, de l'Aménagement et des Réseaux). A sociologist of mobilities and lifestyles, her work focuses on understanding mobility practices, their social and spatial constructions and their evolution, notably relative to the spread of Information and Communication Technologies (ICT) and to sustainable development requirements and imperatives.

Publications with the Forum

Is mobility the answer to poverty
